Working to manage and promote the wise use of natural resources in Hamilton County since 1965.

Water Testing Program

The District now offers the following **4 water test kits**. Kits are available for pickup in boxes outside the Indian Lake and Wells town office buildings, as well as most town offices in the county. Kits are available at all times in the lower vestibule at the District office.

Kit 1

Unchlorinated Water Bacteriological – total coliform / *E. coli* qualitative (presence/absence): \$ 35.00

Unchlorinated Water Bacteriological – total coliform / *E. coli* quantitative (enumerated): \$ 45.00

Kit 2

Chlorinated Water Bacteriological – total coliform / *E. coli* qualitative (presence/absence): \$ 35.00

Chlorinated Water Bacteriological – total coliform / *E. coli* quantitative (enumerated): \$ 45.00

Kit 3

Lead and Copper: \$45.00

Kit 4

Water Quality (total hardness, calcium hardness, chloride, sulfate, fluoride, turbidity, conductivity, alkalinity): \$105.00

Follow instructions in the kit. Water samples must be collected on the morning of the delivery date, refrigerated from time of sampling, and chilled during delivery to the Hamilton County Soil and Water Conservation District. Be sure water samples do not freeze. Samples must be accompanied by cash or check and the completed lab form **in ink** when you deliver your samples. Please make checks payable to Hamilton County SWCD. Lab analysis will be performed by the Mohawk Valley Water Authority, and certified results will be sent to you directly from the lab.
